FORWARD

If This, Then That

Every automation behind your deals, stage by stage. When you move a deal card in Follow Up Boss, this is what happens on its own, what is now yours to do, and what Concierge and Transactions take care of.

IF YOU REMEMBER ONE THING

Move the deal card in Follow Up Boss the moment the stage changes.

Every email, folder, checklist and task in this guide starts from that move. A card left in the wrong column means none of it happens, and the team has no way of knowing your deal moved.

SIGNED CLIENT TO CLOSED DEAL

Transactions

With you from the day a client signs to the day the deal closes. If it is signed, dated or has a deadline, it is Transactions.

GO HERE FOR

Agreements and disclosures, the MLS, contracts to close, SkySlope and Drive files, the ALTA.

EVERY CLIENT, EVERY TOUCH

Concierge

The brand, in person. If it shapes how a client feels, or how FORWARD looks in public (photos, video, marketing), it is Concierge.

GO HERE FOR

Client emails and closing gifts, photo and video, sign install and removal, social posts and marketing, and the 365 day post-closing program. Concierge lets you know when each post-closing touchpoint is yours, so no client goes without your follow-up.
